TRANSITION WORDS

What are transitions and how are they used?

- transitions are phrases or words used to connect one idea to the next
- transitions are used by the author to help the reader progress from one significant idea to the next
- transitions also show the relationship within a paragraph (or within a sentence) between the main idea and the support the author gives for those ideas
- different transitions do different things....

Additive Transitions:
These show addition, introduction, similarity to other ideas, &c.
